

# Directions to Statue Cruises – New Jersey From Battery Park <sup>TO</sup> Liberty Landing Ferry

(via World Financial Center Terminal)

For further questions, please call 877.523.9849

1  
Go around the Victorian pier building (Pier A), along Battery Place and through the garden to the river. Make a right onto the promenade.

2  
Follow the promenade around. The Hudson River should be on your left hand side and a grassy area should be on your right.

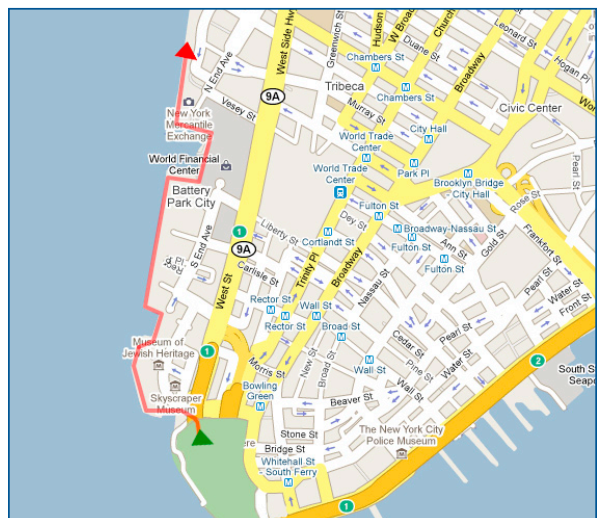

3  
Follow the path through a stretch with wooden poles on your left and rocks on your right. Once at the end, you will need to make a left and head back towards the water.

4  
Once you get to the water's edge, follow the promenade again. Continue for almost a half mile. Once you get to the end, you will be directed to the right. Follow this around the marina making a series of lefts and back to the waterfront.

5  
When you get to the water's edge, make a right and continue until you see these tall sculptures. Ferry via World Financial Center Terminal is just ahead.
